

SUB-CONTRACTOR CONSENT FORM – RETURN TO CONSTRUCTION

As a valued supply-chain partner to Jenner Group we understand our services are required to resume following written correspondence received.

We confirm our RAMS have been fully updated to adopt enhanced safety procedures and hygiene measures and understand our team will be fully re-inducted and informed of all new Jenner working procedures on return to site. We will adhere to social distancing guidelines at all times and will provide sufficient PPE for our entire workforce.

We confirm that all those working on our behalf are healthy and not experiencing any symptoms nor a confirmed case of the Coronavirus infection, and have no underlying health concerns that could jeopardize their safety or put the health and wellbeing of others at risk.

Written consent is given that we are confident that we can safely return to duty and are happy to do so.
