**RISK ASSESSMENT DETAILING OUR
COVID 19 (CORONAVIRUS) CONTINUATION WITH WORK PROCEDURES IN
ACCORDANCE WITH THE CONSTRUCTION LEADERSHIP COUNCIL
SITE OPERATING PROCEDURES (CLC SOP)**

ASSOCIATED HAZARDS

1. Coronavirus (Covid-19) pandemic; noting the latest Omicron variant

ASSOCIATED RISKS:

1. Contracting Coronavirus (Covid-19)
2. Death or illness from this virus
3. Spreading the virus through cross-contamination

**METHOD STATEMENT DETAILING OUR
COVID 19 (CORONAVIRUS) CONTINUATION WITH WORK PROCEDURES IN
ACCORDANCE WITH THE CONSTRUCTION LEADERSHIP COUNCIL
SITE OPERATING PROCEDURES (CLC SOP)**

Jenner sites (including our joinery workshop) will continue with all work being carried out strictly in accordance with the Construction Leadership Council Site Operating Procedures.

The latest Site Operating Procedures (SOP) from the Construction Leadership Council (CLC) provide details on the following information relating to Covid-19 and the construction industry -

1. Introduction
2. Travelling
3. Site access and Egress Points
4. Hand Washing
5. Toilet Facilities
6. Canteens and Rest Areas
7. Changing Facilities, Showers and Drying Rooms
8. Close Working
9. First Aid and Emergency Service Response
10. Cleaning

/continued

The latest version of the SOP details the Current Guidance regarding Covid-19 specifically:

Social Distancing

Any national guidance on social distancing must be adhered to

Going to Work

Workplaces should be Covid-19 secure

Face Coverings

The CLC has published 'The Use of Face Coverings in Construction' which includes the current requirements in canteens and rest areas

Self Isolation

Build UK has published a flowchart showing the actions to take if a worker has Covid-19 or has to self-isolate

Please note – although this document is no longer mandatory, it is our Policy to keep our procedures strictly aligned with the CLC SOP latest version.
